(54) CONTROL SYSTEM FOR MULTI-MEDIUM EQUIPMENT

(57)Abstract:

PURPOSE: To provide the environment utilizing a multi-medium equipment in common from other controller in a transparent way via a LAN without use of a special software in the multi-medium equipment.

CONSTITUTION: In the system in which plural multi-medium equipments 2 and a controller 1 to control them are connected in a network and the plural multi- medium equipments 2 and the controller 1 are capable of sending receiving a message and data based on an object orientation via the network, a display means and a pointing means are provided to the controller 1 and a pattern symbolizing each of the plural multi-medium equipments 2 is displayed on the display means and the user uses the pointing means to set a link between the patterns to designate input output relation of data between the multi-medium equipments.

## LEGAL STATUS

[Date of request for examination] 31.07.2000

[Date of sending the examiner's decision of rejection] 16.12.2003

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]	2004-01184
[Date of requesting appeal against examiner's decision of rejection]	15.01.2004
[Date of extinction of right]
